java.Scenario)

(S) ActiTime Login Test Case

(F) Actitime Login Feature

The screenshot displays the actiTIME web application interface. The top navigation bar includes the actiTIME logo, a 'TIME-TRACK' section with 'Enter Time-Track' and 'View Time-Track' links, and tabs for 'TASKS', 'REPORTS', and 'USERS'. On the right, there are links for 'Settings', 'Add-ons', 'Help', and 'Tips', along with a user profile for 'Robert Barber' and a 'Logout' button.

The main content area is titled 'Enter Time-Track for Me'. It features a search bar 'Add task by name' and buttons for 'Add Recent Task', 'Add Tasks from the List', and 'New'. Below this is a table showing the week of July 18-24, 2022. The table has columns for 'Task', 'Deadline', and days of the week. The 'Task' column shows 'Customer / Project'. The 'Deadline' column shows '0:00'. The days of the week are listed with their corresponding status: '18 Mon' (workday), '19 Tue' (workday), '20 Wed' (workday), '21 Thu' (workday), '22 Fri' (workday), '23 Sat' (nonworking day), and '24 Sun' (nonworking day). The 'Leave Time Total' is shown as '0:00'.

Below the table, a message states 'Tasks for this week are not selected (yet)'. It provides instructions: 'Add tasks one by one or add your recent tasks using one of the options below:'. Two options are presented: 'Add ONLY tasks I reported time for from the previous week' and 'Add ALL my tasks from the previous week'.
